

COMMERCIAL & RESIDENTIAL HEATING AND COOLING

NEWS FLASH

Just received word that the Virginia Department of Mines, Minerals and Energy is launching a supplemental appliance rebate program that started October 24th.2011. This program will qualify for \$1500 rebate for new installations that are 15 SEER---8.5 HSPF—12.5 EER or higher.

If you have been thinking about upgrading you system, now may be the time to do so. Between this program, manufacture rebates and federal tax credit, you could save up to \$2,850.00. SOUNDS GOOD!! Then give us a call to set up a free in house survey to show you how much you can save!!! Funds through the state of VA are limited. Call us today. (804) 379-6222
