

COMMERCIAL & RESIDENTIAL HEATING AND COOLING

Announcement

May 28, 2010

Richmond Times Dispatch
Attn: Metro Business Editor

Midlothian Mechanical and Energy Services Inc (ESI) have merged operations effective May 1, 2010. The combined company will operate under the Midlothian Mechanical name with offices located at 1500 Huguenot Road. Kevin Kirsh, VP & General Manager of Midlothian Mechanical announced the merger effectively doubled the size of their commercial/industrial mechanical construction and service division. Both companies are involved in the sale, installation, service and maintenance of Commercial Heating, Air Conditioning, Refrigeration, Building Automation and Plumbing equipment. Todd C. Johnson will act as President of the merged operation. Gary S. McSherry, President of ESI since 1979, will operate out of the Midlothian Mechanical headquarters and independently manage ESI Building Group, Inc., which provides construction consulting, developer/owner representation and energy management consulting services.
